

## **Cookies Policy**

We inform you that this website installs its own and third-party cookies when visiting its pages. If you continue browsing, we understand that you accept its use. Cookies are non-executable text files intended to store any type of user information. We use these files to make your browsing easier and obtain statistic data.

### **What type of cookies does this website use?**

Technical cookies: They are those that allow the user to browse through a webpage, platform or application and the use of the different options or services that exist within.

Personalization cookies: They are those that allow the user to access the service with some general predefined characteristics according to a series of criteria in the user's terminal.

Analysis cookies: They are those that allow user behavior monitoring and analysis of the websites that they are linked to. The information gathered through this type of cookies is used to measure the activity on websites, applications or platforms and for the elaboration of browsing profiles of the users of aforementioned websites, applications and platforms, in order to make improvements based on the analysis of usage data from users of the service.

### **Who uses and has access to the information of installed cookies?**

Only the site owner and MIRAI ESPAÑA, S.L., the company who leases the site owner the maintenance and analysis service of their website, use and have access to the cookies of this website. Third parties who have stored cookies on your computer will also have access to them.

### **How to manage your cookie preferences?**

Most web browsers accept the use of cookies automatically, but you can configure your browser in order not to accept them or so that your browser notifies you when a server wants to store a cookie. You can find out more here:
